

**342.315 Medical evaluations by university medical schools -- Procedures -- Report -
- Payment of costs -- Performance assessment of medical schools.**

- (1) The executive director shall contract with the University of Kentucky and the University of Louisville medical schools to evaluate workers who have had injuries or become affected by occupational diseases covered by this chapter. Referral for evaluation may be made to one (1) of the medical schools whenever a medical question is at issue.
- (2) The physicians and institutions performing evaluations pursuant to this section shall render reports encompassing their findings and opinions in the form prescribed by the executive director. Except as otherwise provided in KRS 342.316, the clinical findings and opinions of the designated evaluator shall be afforded presumptive weight by administrative law judges and the burden to overcome such findings and opinions shall fall on the opponent of that evidence. When administrative law judges reject the clinical findings and opinions of the designated evaluator, they shall specifically state in the order the reasons for rejecting that evidence.
- (3) The executive director or an administrative law judge may, upon the application of any party or upon his own motion, direct appointment by the executive director, pursuant to subsection (1) of this section, of a medical evaluator to make any necessary medical examination of the employee. Such medical evaluator shall file with the executive director within fifteen (15) days after such examination a written report. The medical evaluator appointed may charge a reasonable fee not exceeding fees established by the executive director for those services.
- (4) Within thirty (30) days of the receipt of a statement for the evaluation, the employer or carrier shall pay the cost of the examination. Upon notice from the executive director that an evaluation has been scheduled, the insurance carrier shall forward within seven (7) days to the employee the expenses of travel necessary to attend the evaluation at a rate equal to that paid to state employees for travel by private automobile while conducting state business.
- (5) Upon claims in which it is finally determined that the injured worker was not the employee at the time of injury of an employer covered by this chapter, the special fund shall reimburse the carrier for any evaluation performed pursuant to this section for which the carrier has been erroneously compelled to make payment.
- (6) Not less often than annually the designee of the secretary of the Cabinet for Health and Family Services shall assess the performance of the medical schools and render findings as to whether evaluations conducted under this section are being rendered in a timely manner, whether examinations are conducted in accordance with medically recognized techniques, whether impairment ratings are in conformity with standards prescribed by the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association, and whether coal workers' pneumoconiosis examinations are conducted in accordance with the standards prescribed in this chapter.
- (7) The General Assembly finds that good public policy mandates the realization of the potential advantages, both economic and effectual, of the use of telemedicine and telehealth. The executive director may, to the extent that he finds it feasible and

appropriate, require the use of telemedicine and telehealth practices, as authorized under KRS 11.550, in the independent medical evaluation process required by this chapter.
